A Flotilla Of Appreciation For Key Volunteers

The Flotilla of Appreciation to recognised John Hoile, Ann Hoile, Wendy Dodson, Phil Caisley, Cathy Wynne and Paul Edwardes as they step back from long-held roles within the committees and volunteer team behind the National Sprint Regattas.

This was a special and at times an emotional regatta. Several of us long serving Regatta Committee are stepping down. It is time to pass the baton onto a new generation to commit time and energy for the future generations of sprint paddlers.

There was an absolutely unheard of 'a lunch break' from racing; with a lunch on Sunday provided by Paddle UK during which a number of volunteers were presented with awards and mementoes of appreciation for their service to Sprint Racing.

It is to be noted there are also three other volunteers who are also retiring at this time, after many years supporting the national regattas. They are not seen at the regattas, but who have provided, in the background, invaluable support while working from home:

- Howard Smith, who started helping with the entry software more than 25 years ago, at a time when team leaders

ADDITIONAL NOTES

posted regatta entries on a paper booklet. When we moved on to the current entry system, he took a step back from the entries but has, ever since, provided the software for the calculating the MacGregor points. For the Interclub regatta Howard provides all the data and updates on points. Fitting that in and around where he happens to be at that time.

- Kari Martin, at one time prepared the regatta promotions and although she stepped back from that role she has continued maintaining the paddler database, registering every new paddler and updating ages each December for many years. Kari has helped many at Team leaders with a registration or re-ranking issue

- And finally, Trevor Kirkham, from Spain, providing the Live Results and draws service that we rely at each regatta. Without his help, expertise and drive to provide this facility we would still be using printed results on a notice board.

Thank you to our 'back room' volunteers it was pity you could not be at the regatta to see the flotilla and be included in an amazing photo shoot on the pontoon overlooking the lake. It was a masterpiece of organisation. Unknown to us a flotilla of canoeists was forming on the water. It was not until the volunteers came down the stairs from their lunch before they realise what had been planned. It was very emotional. A unique vision captured by the brilliant photographer Anthony Edmonds.

We, the volunteers, thank you all whole heartily for providing us with such a remarkable and memorable occasion.

Wishing the new regatta structure every success.

Wishing you all Happy Paddling.

A Letter For The Sprint Racing Committee Chair

Firstly, thank you to all the regatta volunteers for another successful year of Nottingham regattas. We have past a major milestone with some of our most expert volunteers stepping down. Part of their reason for stepping down now is that they have identified and proposed the new software and equipment that they believe we should move to for regatta management and so it is a good time for a new team to take over, learn the new system and take the sport forward. They will leave a large hole that will be hard to fill, so we need to start now!

We, the Sprint Racing Committee are also reviewing the class structure in which we run regattas with a view to making racing close by reducing the number of classes which come down in the same times.

This of course means there is a lot to do between now and next season!

What's going on now:

We have people working on our rules aiming to make it simpler for new paddlers to find what they need while maintaining the rigour for our competitions, we have an automatic new ranking system being built and tested.

We are working with PaddleUK in talking to IMAS about the new regatta software and hardware, they are also looking at providing a new entry system via their system (which is going to need a big rebuild to make it possible).

To get everything done in addition to the normal handbook updates, regatta preparation etc we are going to need help!

I hear a call to run a demo of the IMAS system for the volunteers, I am sure this can be arranged in the near future as a pre-cursor to proper training.

Would you like to get involved over the winter?

We are setting up teams to work on the different parts, would you like to engage, and if so in what way with these teams.

Teams proposed:

IMAS - purchase, install, train and use.

Entry system - specify, build, test, use. Hopefully, including race scheduling

Regatta format

Regatta HSE and venue preparation.

ADDITIONAL NOTES

Communications and website

Rules update (largely about the new ranking system and trying to make a simpler set of rules that newcomers can understand, without losing the rigour of the existing ones).

Please complete the Regatta Volunteer Team Interest Survey form, below this letter, to tell us what you are most interested in helping with. Please complete by the 15th Sept.

Please feel free to forward this - all the current volunteers that Ann had on file will have received a copy.

Many thx for all you have done, let's look forward to a bright future where we build the community and make many more happy memories for everybody involved in the sport.

Demotions

Any proposed demotions are sent to the Team Leaders of the paddlers concerned. TLs can request a deferral of the demotion if there are mitigating circumstances. The paddler will then to be reassessed next time they compete.

Voluntary Re-ranking - Promotions/Demotions

Team Leaders may request promotions or demotions for any of their club paddlers at any time during the year by contacting the Rankings Officer using:

Timing Codes

Some result times will be a code, not a time. Here is the explanation:

DSQ (Disqualified)

The paddler(s) was disqualified for a rule infringement

DNS (Did Not Start)

The paddler(s) was not at the start gate in time and did not compete in the race

DNF (Did Not Finish)

The paddler(s) did not finish the race, commonly as a result of a capsized

ERR (Timing Error)

Sorry, the time was lost due to a timing system malfunction

New NWSC Course Records

A row highlighted in yellow signifies a competitor(s) has broken a canoe sprint NWSC course record. Their name(s) is also prefixed by **.

The achievement is also noted in the Notes section of the Official Results and in the annual list of records broken on the NWSC Course Records page of the BC SRC website.

Selection Races

A race header highlighted in blue signifies that the race is a Selection race.

Championship Races

A race header highlighted in green signifies that the race is a Championship race.
